

BACKSTAGE

The Monthly Newsletter of STAGEBRIDGE Senior Theatre

APRIL 2009

Welcome to our first edition of *Backstage*, our monthly e-newsletter. Each month we'll take you behind the scenes to see what goes on at Stagebridge and what is the latest national and international news of arts with older adults. We'll have monthly columns by our Executive Director and staff that take you *Backstage* as we travel throughout the community and go behind the scenes for upcoming productions. We'll also give you the broader view of what is happening across the country and recent news and research into the power of creative engagement as we grow older. In the next few months we'll be adding new columns and look forward to your suggestions and comments.
