BRING STAGEBRIDGE to your SCHOOL!

ASSEMBLY PROGRAMS

Back in My Day... Living History Storytelling Program

There was a time before television and before BART... and a time when letters weren't texted but sent by mail. Students experience history first hand with personal stories from the people who were there. This educational and inspirational school assembly features Stagebridge senior storytellers sharing tales of adventure, trouble, war, poverty and most of all – good times. *Show length fits assembly period with question and answer session following program.*

Let Freedom Ring! Civil Rights Programs

Stories that entertain, educate and bring historical figures to life – Stagebridge tellers were there and share their tales of Martin Luther King, Jr., Cesar Chavez and Larry Itliong and the United Farm Worker's movement. New this year: historical figures speak in their own words on the Women's Suffrage Movement and beyond – Susan B Anthony, Elizabeth Cady Stanton, Carrie Chapman Catt in your classroom! *Programs tailored to your class needs.*

CLASSROOM PROGRAMS

Students work with master drama and storytelling teachers, improvisers and elder storytellers. Customized to state history and social studies standards.
